INTEGRATED SCHOOL OF OCEAN SCIENCES

ISOS Course

Ocean Governance and Marine Biological Diversity

Prof. Nele Matz-Lück,

Walther-Schücking Institute of International Law, CAU

Prof. Ingvild Jakobsen, Arctic University of Norway, Tromsø

9 January 2017 | 08:30 – 12:00h

16 January 2017 | 08:30 – 12:00h

23 January 2017 | 08:30 – 12:00h

This seminar is aimed at natural, social and legal scientists at the doctoral and postdoctoral level – no prior legal knowledge is required. Participants will learn the basic framework for societal and scientific governance of the oceans and work in interdisciplinary groups on cross-cutting issues. Attendance is binding for the entire seminar duration.

Contents:

- | The regulatory framework of the law of the sea
- | Implications for the use of marine resources
- | Implications for the conservation of marine biodiversity
- | How do scientific findings enter the decision making process?
- | Marine protected areas with a focus on the Arctic

Add-ons (2-3, chosen by participants):

Deep seabed mining, high sea fisheries, access to and use of genetic resources, international whaling regulations, protection of the environment in Antarctica, ocean governance and climate change

Please read an exhaustive course description under www.futureocean.org/isos.

Nele Matz-Lück is professor of the law of the sea at Kiel University and member of the Excellence Cluster "The Future Ocean". She regularly lectures and publishes on issues of public international law in general and law of the sea in particular in Germany and abroad.

Ingvild Jakobsen is Associate Professor at the K.G. Jebsen Centre for the Law of the Sea at the Arctic University on Norway, Tromsø. Her publications focus on the law of the sea and biological diversity, particularly on the establishment of marine protected areas. Much of her research views ocean governance and international law from an Arctic perspective.

Venue: t.b.a.

ISOS PhDs have priority in our courses.

Child care can be provided if we have two weeks advance notice.
