

# Integrated School of Ocean Sciences Lecture Series 'The Future Ocean'

Summer Semester 2009

future ocean  
KIEL MARINE SCIENCES  
Integrated School of Ocean Sciences

- 30.04.09 **Mathematics and Computer Science in the Future Ocean**  
Prof. Dr. Thomas Slawig, Institute for Computer Science
- 14.05.09 **Scientific Scuba Diving -  
still a Unique Tool for Coastal Research**  
Prof. Dr. Kerstin Schrottke, Institute of Geosciences
- 28.05.09 **Absorption Spectroscopy: Methods, Records, Isotopes**  
Prof. Dr. Gernot Friedrichs, Institute of Physical Chemistry
- 11.06.09 **Paleoclimatology - How the Past Allows Insights  
into the Future**  
Prof. Dr. Birgit Schneider, Institute of Geosciences
- 25.06.09 **The Legal Regime of the Marine Genetic Resources  
of the Deep-Sea Bed**  
Prof. Dr. Alexander Proelß, Walther-Schücking Institute of International Law
- 09.07.09 **Deep sea hydrothermal systems -  
News from the Mid-Atlantic and the Omani desert**  
Prof. Dr. Lars Rüpke, Leibniz Institute of Marine Sciences (IFM - GEOMAR)

Time: Thursdays, 16:15 - 18:00 hrs

Place: CAU Graduate Center, Seminar Room 4  
Neufeldtstraße 10, Building 32 (see online map)
