Meet Ranga Yogeshwar
Science journalist and TV-presenter
21.05.2013 | 13:30 - 14:30 h | GEOMAR west shore

If somebody knows about science communication, it’s Ranga Yogeshwar. He will spend an hour in an informal round-table event with young scientists giving his perspective on communication of science in the media. Come meet him personally, be inspired and quiz him on whatever you are curious about.

Ranga Yogeshwar is an experimental physicist by training. Working in publishing houses and radio stations he made his way to become one of Germany’s best known science mediators. In his daily TV show ‘Wissen vor 8’ he tries to explain scientific topics within 145 seconds! Ranga Yogeshwar is in Kiel to receive the Deutsche Bank - GEOMAR Meerespreis 2013.

Venue: GEOMAR west shore building, large conference room
Contact: Avan Antia, Integrated School of Ocean Sciences (ISOS) aantia@uv.uni-kiel.de
